

COMPATIBLE WITH ALL PICK UP TRUCKS AND A VARIETY OF SUV'S

ABOUT US

Gearmate is a British designer, manufacturer and supplier of 4x4 accessories and load bed storage solutions.

Our truck bed sliding trays and sliding drawers are designed to be practical and stylish while offering secure storage and easy access to all of your tools and equipment.

Gearmate's mission is to design, test, develop and manufacture high quality access and storage solutions to 4x4 vehicles. At the forefront of our philosophy is the genuine desire to develop practical, hard wearing and stylish accessories that help people work and play smarter.

GEAR DRAWERS

Gearmate's range of drawers revolutionise your load space. Items can be stored safely and efficiently, ideal for professional and leisure use.

All Gear Drawers have an incredible 100% extension, enabling quick and easy access to all your items. Each drawer system comes fitted with dividers to ensure your load stays secure and organised, saving you time from needlessly searching.

Choose between our Single or Twin drawers without compromising your load space. Our drawer systems are designed to be tough, offering up to 150 kgs capacity per drawer and 800 kgs capacity on top of the deck.

You can choose between our 226mm height drawer (twin configuration), 300MM height drawer (single and twin configuration), 400MM height drawer (single and twin configuration) and 500MM height drawer (single and twin configuration).

If you require additional security features or foam inserts to personalise your system please contact our sales team.

Gearmate offer a range of Gearslides weighing between 60 – 80 kgs, all easy to install. With 800 kgs load capacity when locked in place and 400 kgs capacity when extended your load will be safely and securely secured.

GEARSLIDE

The Gearslide offers an effective solution to accessing your load space.

Never crawl into the back of your bed again, your entire load space is brought to you with the Gearslide's 75% extension.

Can be fitted with or without a bedliner with no drilling required. Hand operated locking lever with 4 incremental locking positions.

Re-positionable eye bolts connecting to side extrusion rails, ensure your load can be fully secured. Gearslide's are designed to be fully compatible with all Gearmate's range of accessories.

All Gearslide's are finished with a durable rubber chequer plate surface.

T-SLIDE

Shaped to the contours of each truck bed, Gearmate's T-Slide utilises the maximum width of the available bed area.

The T-Slide is finished with durable, rubberised chequer plate for easy cleaning. Raised sides with multiple anchor points are ideal for bungee cords and tie downs, keeping your load in place.

Three locking positions, push button handle, 75% extension, 400 kgs Payload when extended.

No drill installation, quick removable slide, solid steel sub-frame.

Available for all major truck brands in both double cab and extended cab configuration.

- Maximum width slide
- Multiple anchor points
- Rubberised easy clean surface

Complete the Opus systems with our range of accessories. Add our infills for £99 (+VAT) to have a complete deck, using the whole space of your truck bed.

OPUS SYSTEM

With 100% extension and 75 kgs capacity per drawer, the Opus System is the perfect solution for tool storage and ease of access to your load.

Designed and manufactured by Gearmate in the UK, the Opus drawers with optional racking are the perfect tool for your work. Lockable drawers constructed from powder coated steel with a chequer rubber finish top.

FLEET VEHICLES

Safe and secure storage solutions to suit your requirements!

Gearmate offer a range of commercial storage solutions, designed to provide easy and efficient access to your tools with increased security. A range of drawers, racking, sliding options and hardtops can be combined to suite your specific requirements.

Speak with one of our experts to build the right Gearmate system for your individual or fleet operator needs.

Discounted prices available for trade and fleet businesses.

Offering a variety of hardtops, including Gull Wings, Gearmate can bespoke your "fleet" system to exactly meet your needs. Space utilization and accessibility can be paramount and our design team can always find a solution.

SUV'S
